Mr. Mario Ricca, Jr.

Dear Mario:

I would like to thank you for your concerns about our drinking water. Your knowledge of water quality and filtration systems opened our eyes and made us aware of our water.

The water filtration program that you installed for our locations has been well received and we know that you did your best to make our water safe.

We highly recommend the water improvement program that you installed for us and feel free to have other potential customers contact me.

Sincerely,

A handwritten signature in black ink that reads "Mike". The signature is written in a cursive, flowing style.
